Subject: SC NEEDS UBER!!!

To whom it may concern:

I find it ridiculous that anyone would challenge Uber in the state of South Carolina. Uber has become a huge part of my life and is the ONLY way I get around other than with my personal car. When I go out with friends or colleagues, I trust Uber to give me a safe and affordable ride. I do NOT like riding with other cab companies because the drivers are often questionable, do not know their way around or purposely drive the longest route possible (no visible gps), set arbitrary expensive pricing, have no incentive to be friendly and their cabs are always dirty. I don't know one single person that has used Uber that doesn't love it.

Uber is a brilliant business, a job provider and you're absolutely crazy to even think of getting rid of it in this state.

Sincerely,

Laura Claire Whatley

Ubers are way better than taxis. They are safer and have a quicker pick up time. They should not be taken away!!

Psc, I'm a retired Military Vet that really need this extra income to support my family and my sick child who just recently had a kidney transplant. UBER is a Great Source Of Income for several of us. Please reconsider this recent decision. We are committed to the young college students as well as the numerous business community of personal who we safely transport on a daily bases. Please Reconsider and overturn this decision. THANK YOU!

It is outrageous that Uber has been stopped in S.C. It is the best transportation and so easily accessible. All major cities benefit from this service.

Subject: uberX

I support uberX in South Carolina. Given the dismal and unsafe state of Taxi services across South Carolina I believe the uberX alternative serves our residents well. And given my personal experiences uberX offers a safer, cleaner, more reliable and less expensive service than do our licensed taxi monopolies with this state. South Carolina should be welcoming uberX with open arms.

Sincerely,

Michael Tollison
